AS-850 MONOCHROME ADDRESS PRINTER

The Sport Utility Printer of our product line leads the industry with 4" (10.16 cm) of print area and a 2+4+2 head configuration and versatile in-line design. The AS-850's advanced print engine crunches data and its function loaded color touch screen interface is an operator's best friend. The AccuTrak™ transport deck has positionable transport belts and guides that run under the belts for dead-on registration. Combined with our optional AS-FDR14 feeder, the AS-850 is tough enough for any size mailing you can throw at it and our EASYInks can handle just about any material out there.
